

Dawn Princess is a Sun-class cruise ship built by Fincantieri, Italy, in 1997 and operated by Princess Cruises. The ship features eight restaurants, four swimming pools, five Jacuzzis, seven lounges and bars, and two children centers. Some restaurants offer “anytime dining” where passengers can dine with whom they want, when they want. She is the sister ship to Sun Princess, P&O's Oceana (former Ocean Princess) and Sea Princess.

In June 2009, Dawn Princess was dry-docked in Brisbane, Australia, for refurbishment. During the refit, a Movies Under the Stars screen was added to the main pool area, making Dawn Princess the tenth ship in the Princess fleet to offer this feature. Another addition was the Sanctuary, an adults-only private sunbathing area at the front of the ship, as well as a refurbishment of the photo gallery and maintenance of other public rooms.

Ship is 261,30 m, BRT is 77441, sails under the flag of Bermuda, onboard are 850 crew member and 1798 passengers.
